Allen Group building Natomas office park

By Michael Shaw

San Diego-based The Allen Group has started construction of a 175,000-square-foot office park on 11 acres in South Natomas at 2500 River Plaza Drive, adjacent to the California Farm Bureau headquarters.

The office park is a joint effort between The Allen Group and the Farm Bureau Federation.

The development consists of 12 buildings of 11,000 to 17,000 square feet each, being built by Sacramento's Brown Construction and marketed for sale by CB Richard Ellis.

The Allen Group is a private developer of industrial, office and retail property.
