ADESA offers a full range of auction, reconditioning, logistical and other vehicle-related services to meet the remarketing needs of both its institutional and dealer customers. With 62 auction locations in the United States, Canada and Mexico, strategically located near metropolitan areas with a large concentration of used vehicle dealers, the company is well positioned to host both physical and Internet auctions. Through its related subsidiaries of AutoVIN® and PAR North America, it is also able to provide additional services including inspections, inventory audits and remarketing outsourcing solutions including a network of repossession agents, titling and auction sale representation.

The Dallas Logistics Hub is the largest new logistics park in North America with 6,000 acres master-planned for up to 60 million square feet of vertical space for distribution, manufacturing, office and retail uses. This premiere logistics facility is adjacent to Union Pacific's Southern Dallas Intermodal Terminal, a potential BNSF intermodal facility, four major highway connectors (I-20, I-45, I-35, Loop 9) and the Lancaster Airport, which is in the master-planning stages to facilitate air-cargo distribution.
