

# Kontron America

O F F I C E

SAN DIEGO • CALIFORNIA

Located in the Sorrento Business Park, this facility was developed for Industrial Computer Source, now known as Kontron America. Kontron America designs and manufactures industrial computer systems, components and applications for telephone and networking applications. The company, whose customers include original

equipment manufacturers and system integrators, requires both office and industrial space. Their corporate campus in San Diego includes 70,000 square feet of office and research and development space, plus 60,000 square feet of warehouse and manufacturing space.

SIZE: 130,000 square feet; 2 stories
